

Solutions that Work

Flu Clinic Solutions

The Flu Clinic is important for reducing the many barriers preventing employees from getting vaccinated. Wellness at Work is able to coordinate and manage your flu clinic with a team of highly skilled Registered Nurses. ***The benefit to the organization is minimized employee absenteeism rates, reduced extended health care costs and benefit claims, and decreased disruptions in service.***

Why Wellness at Work?

Wellness at Work has many years of experience partnering with organizations and companies to provide convenient, on-site flu clinics. Each clinic is provided using registered nurses and is managed by Wellness at Work the day of the event.
